Technology

I completed the Technology Plan and submitted it to the State Library. I am attending a class at SWIC in computer Networking. I will be working on the technology needs for the remodeling including new computers and reconfiguring the layout of the network. I have been evaluating accounting software for upgrade. Our current QuickBooks is rev 2004 and will no longer be supported. I compared it to MS Office Accounting and recommend upgrading QuickBooks.

Director Losey explained an incident involving a minor child, who had been previously barred from the library. The minor child was found in the library with a steak knife. She was asked to leave and an incident report was completed. After discussion, based on her previous suspension, Lacher/Schmidt made a motion to ban her from the library until she is an adult.
